The mission of the *Journal of Information Technology Education:* ***Innovations in Practice*** is to:

- publish cutting edge practices early, often before generalizable studies become available,
- expose the reader to a broad range of mindsets, emerging views, and unique tactics,
- provide all those who submit manuscripts for publication with useful, timely feedback by making the review process constructive,
- continue as the most authoritative journal in the field of leading-edge research involving IT and education, and
- acknowledge and embrace the diversity of teaching and learning models in use around the world.
